

# CLP Rate Schedule Quick Reference Guide

## Common Equip/ Rate Options (Residential)

### Heat Pumps

#### *Whole Home Ground Source*

##### Rate Schedule Options:

GS1/TOU  
DF (Dual Fuel)

Rebates: Yes

#### *Ducted Air Source (ASHP)*

##### Rate Schedule Options:

GS1/TOU  
DF (Dual Fuel)

Rebates: Yes

#### *Ductless Mini Splits (ASHP)*

##### Rate Schedule Options:

GS1/TOU  
DF (Dual Fuel)

Rebates: Yes

### EV Chargers

##### Rate Schedule Options:

GS1/TOU  
OP (Off-Peak)

Rebates: Yes (TOU, OP)

### Storage

#### *Steffes Whole Home or Room Units, Rheem or Marathon Hot Water Heaters*

##### Rate Schedule Options:

GS1/TOU  
OP (Off-Peak)

Rebates: Yes

## Rate Schedules

**GS1**  
General Single Phase < 75  
KVA

**GS3**  
General Three Phase < 75  
KVA

**DEM**  
Demand

**LGP**  
Large Power ≥ 500 KVA

**GENIR**  
Interruptible with  
Generator

**FH**  
Freedom Heat

**OP**  
Off-Peak

**DF**  
Dual Fuel

**EV**  
Electric Vehicle Charging

**TOU**  
Time of Use

## Conditions and Exceptions

Single-phase with transformer size < 75 KVA.  
Main service meter **not exceeding** 80% of 75 KVA (60 kW) 3x or more in 1-year period. PCA – Yes.

Three-phase with transformer size < 75 KVA.  
Main service meter **not exceeding** 80% of 75 KVA (60 kW) 3x or more in 1-year period. PCA – Yes.

Single or three-phase with transformer size greater or equal 75 KVA  
Main service meter **exceeding** 80% of 75 KVA (60 kW) 3x or more in 1-year period. Main service meter **not exceeding** 80% of 500 KVA (400 kW) 3x or more in 1-year period. PCA – Yes.

Three-phase with a transformer size greater or equal to 500 KVA.  
Main service meter **exceeding** 80% of 500 KVA (400 kW) 3x or more in 1-year period. PCA – Yes.

Single or three-phase, main service meter with minimum 50 kW of controllable load, generator and Service Agreement required. No resale.

Program closed to new residential members. Separately metered, interruptible service to dual-fuel energy loads up to 4 hours per day. Alternate fuel sources oil, LP gas, wood. No resale. PCA – No.

Separately metered, interruptible service to energy storage loads available 8 hours per day. Consists of Off-Peak Energy Storage, Space Heat and Off-Peak Energy Storage, Water Heater. No resale. PCA – No.

Separately metered, interruptible service to dual-fuel energy loads up to 12 hours per day and 400 hours per heating season. Interruption durations range from hours to days. Alternate fuel sources oil, LP gas. Heat Pumps allowed w/ backup. No wood. No resale. PCA – No.

Separately metered, interruptible service to EV charging loads. Service available up to 8 hours per day. No resale. PCA – No.

Alternative to GS1 rate. Minimum 1 year commitment. 3 daily billing periods (Day 5:01 AM-1 PM, Afternoon 1:01 PM-9 PM, Night 9:01 PM-5 AM). PCA – Yes.
