

Your Touchstone Energy® Partner 

The Board has identified the desired qualities for our next CEO.

- Demonstrated Ethics/Integrity/Honesty
- Exceptional business acumen: Results oriented with a strategic focus
- Ability to understand the technical and business elements of leading an energy utility.
- CEO that drives forward the organization and the Board
- Ability to articulate concepts well (exceptional communication skills)
- Ability to develop leaders and strive for continuous learning (self and others)
- Ability to provide vision as industry enters into a new era of growth and change
- Ability to be the voice of the Cooperative and to effectively engage the community, members and employees

Requirements:

Education – Bachelor's Degree in Business or Engineering

Experience - 5-7 years of experience in the Energy sector at the Sr Leader/Management level

Our goal is to share with the membership the qualities we desire in the new CEO for Cooperative Light and Power.

If you have a perspective you wish for the Board and the Search firm to hear, feel free to respond at the following email address: ceoqualifications@clpower.com
