## **Right-of-Way Clearing Notice**

**Cooperative Light and Power (CLP) has contracted with Central Applicators to perform mechanical brushing on the CLP right-of-way starting on or about Monday, March 24, 2025. They will be clearing taps north of Finland to west of Isabella near the Superior National Forest Service Maintenance Garage as well as clearing overhead mainline and taps from the Forest Service Garage west to the National Forest Lodge and from Knotted Pine north to Grouse and Mitawan Lakes.**

**You will receive a visit or call from Central Applicators if the work being done is on your property. If you have any questions or concerns, please contact us at 218.834.2226.**
