

WELLSPRING

YOUR PERSONAL OPPORTUNITY TO SUPPORT WIND AND SOLAR POWER!

While the electricity that is delivered to your home includes increasing amounts of renewable energy, our Wellspring Renewable Wind and Solar Energy programs allow renewable energy-conscious members the option of helping us do even more for the environment.

By choosing to participate in Wellspring, you not only help support wind energy development in Minnesota but also help reduce our dependence on non-renewable energy sources.

YES! Renewable energy is important to me. Make me a **WELLSPRING** member today!

I would like to buy _____ 100 kilowatt-hour block(s) of WIND energy @ \$0.20 per block.

I would like to buy _____ 100 kilowatt-hour block(s) of SOLAR energy @ \$2.00 per block.

NAME: _____

ACCOUNT #: _____

I understand that I must remain on the program for at least 12 months. After 12 months, I may discontinue the program by notifying CLP in writing, my intent to cancel. Wellspring rates are reviewed annually and subject to change January 1 of each year.
